

Math 672: Projective Geometry I

Homework 6

Hand in between 2 and 5 inclusive of the problems below; mark at the top of your page which problem numbers you are handing in. Write full proofs for each of your solutions. Your score will be as a percentage of those you hand in. To submit your solutions, either type on Overleaf/LaTeX or handwrite and take pictures for file uploads, and upload them to the Canvas course under the appropriate Assignment.
